Indian frankincense (<i>Boswella serrata</i>) gum extract	25 mg	*
Turmeric Extract	25 mg	*
Chicken cartilage	4 mg	*

* Daily Value not established

OTHER INGREDIENTS: Gelatin, magnesium stearate, maltodextrin

DESCRIPTION:

AZALGIA is an orally administered prescription vitamin formulation for the clinical dietary management of suboptimal nutritional status in patients where advanced supplementation is required and nutritional supplementation in physiologically stressful conditions for maintenance of good joint health is needed.†

AZALGIA is manufactured in accordance with Current Good Manufacturing Practice for foods, using ingredients that have been approved by the U.S. Food and Drug Administration (FDA) as food additives or are “Generally Recognized as Safe” (GRAS) for their intended use.

‡ AZALGIA should be administered under the supervision of a licensed medical practitioner.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent disease.

WARNING AND PRECAUTIONS

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients. AZALGIA capsules should only be used under the direction and supervision of a licensed medical practitioner.‡ Use with caution in patients that may have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications.

KEEP OUT OF REACH OF CHILDREN

PRECAUTION

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B is deficient. Folic acid in doses above 1 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress. AZALGIA capsules should only be used under the direction and supervision of a licensed medical practitioner.

ADVERSE REACTIONS

Allergic sensitization has been reported following both oral and parenteral administration of folic acid. You may report side effects by calling 1-844-551-9911 or the FDA by calling 1-800-FDA-1088.

DOSAGE & ADMINISTRATION

Usual adult dose is 2 capsules taken orally once or twice daily or as prescribed by a licensed medical practitioner.
