Warnings

**Reye's syndrome:** Children and teenagers who have or are recovering from chicken pox or flu-like symptoms should not use this product. When using this product, if changes in behavior with nausea and vomiting occur, consult a doctor because these symptoms could be an early sign of reye's syndrome, a rare but serious illness.

**Stomach bleeding warning:** This product contains a non-steroidal anti-inflammatory drug (NSAID), which may cause stomach bleeding. The chance is higher if the user; has had stomach ulcers or bleeding problems takes a blood thinning (anticoagulant) or steroid drug takes other drugs containing prescription or nonprescription NSAIDs (aspirin, ibuprofen, naproxen, or others) takes more or for a longer time than directed is age 60 or older has 3 or more alcoholic drinks every while using this product.

Do not use

if you are allergic to aspirin or any other pain relievers/fever reducers

for more than 10 days for pain unless directed by a doctor

for more than 3 days for fever unless directed by a doctor

for at least 7 days after a tonsillectomy or oral surgery

Ask a doctor before use if you have;

asthma

stomach problems (such as heartburn, upset stomach, or stomach pain) that persist or recur, ulcers or bleeding problems

a child experiencing arthritis pain

if you are;

allergic to aspirin

taking prescription drug for anticoagulation (thinning of blood), diabetes, gout or arthritis

Stop use and ask a doctor if;

an allergic reaction occurs, Seek medical help right away

pain or fever persists

new or unexpected symptoms occur

redness or swelling is present

ringing in ears or loss of hearing occurs

If pregnant or breast-feeding, ask a health professional before use. It is especially important not to use aspirin during the last 3 months of pregnancy unless definitely directed to do so by a doctor because it may cause problems in unborn child or complications during delivery.
