*Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.*

-----

**Drug Facts**

**Active Ingredient**

Salicylic Acid 15%

**Purpose**

Wart remover

**Uses**

- For the removal of common warts. The common wart is easily recognized by the rough “cauliflower-like” appearance of the surface.
- For the removal of plantar warts on the bottom of the foot. The plantar wart is recognized by its location only on the bottom of the foot, its tenderness, and the interruption of the footprint pattern.

**Warnings**

For external use only. **Do not use** this product on irritated skin, on any area that is infected or reddened, if you are a diabetic, or if you have poor blood circulation. Do not use on moles, birthmarks, warts with hair growing from them, warts on the face or mucous membranes.

**Keep out of reach of children.**

If swallowed, call poison control or seek medical help.

**Stop use and see your doctor if** discomfort or condition persists.

**Directions**

Wash affected area. If desired, soak in warm water up to 5 minutes. Dry area thoroughly. Apply a thick layer of Terrasil to wart. Cover affected area with a clean bandage. Repeat procedure 1-2 times daily until wart is removed (for up to 12 weeks).

**Other Information**

Store at room temperature.

**Inactive Ingredients**

beeswax, bentonite clay, jojoba seed oil, magnesium oxide, peppermint oil, silver oxide, zinc oxide.
