BIOCORNEUM® by Sientra is the only advanced scar treatment with Silishield™ patented crosslinking silicone plus SPF 30 protection.

What is Silishield?
Silishield advances the benefits of traditional silicone sheeting through the comfort and ease of a gel. Patented crosslinking silicone creates an invisible shield that feels like a second skin and helps reduce the appearance of scars. It can reduce redness and discoloration, soften and flatten new and older hypertrophic and keloid scars resulting from surgical procedures, injuries and burns. The SPF is designed to be effective while also maintaining Silishield's silky-smooth feel and clear appearance.
