Uses

This anti-bacterial spray provides an anti-microbial protection film on surfaces and environment. It also refreshes and reduces bacterial growth through silver ions released from MicroSilver BG™, which is pure metallic silver with a highly porous structure and continuously releases active silver ions to inhibit bacterial growth on the surface of the skin.

MicroSilver BG™ has been certified as natural and organic in the EU & the USA and is safe for humans and the environment.

Directions

- Spray from a distance of 20cm, spray as needed, and let to air dry.
- Slight trace of pure silver powder is normal and not harmful.
- Please SHAKE WELL before use.

Other information

- Store in a cool, dry place, keep away from direct sunlight.
- Store between 15-30C (59-86F).
- Avoid freezing and excessive heat above 40C (104F).
