## DIRECTIONS FOR USE

See information booklet with complete directions on how to use and obtain best results.

### 1: PREP HANDS WITH COLD WATER

Rinse your fingers in **cold** water and dry them. **Note:** foam will melt on contact with warm surfaces.

### 2: OPEN CHILD RESISTANT CAP

Be sure to align arrow on the cap with arrow on blue ring. Tilt cap back and pull off.

### 3: DISPENSE VERTICALLY ONTO A COLD SURFACE

**Hold the can straight upside down.** If you hold the can at an angle, foam may not dispense properly. Press nozzle to dispense half a capful of foam onto **cold** surface (e.g. dish, or cold hands).

### 4: APPLY TO SCALP, NOT HAIR

Part your hair to expose hair loss area. Massage foam into **scalp**, not hair. **Repeat** until all hair loss areas have been covered.

### 5: CLOSE CAP AND WASH HANDS

Snap cap back into place. Be sure arrows do not line up, so cap remains child resistant. Wash hands thoroughly.

or hair loss will begin again
