

ASTRI-IO - iodine solution
Ecolab Inc.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

KEEP OUT OF REACH OF CHILDREN

Wash hands thoroughly after handling.

PRECAUTIONARY STATEMENTS

Get medical advice/attention if you feel unwell.

FOR COMMERCIAL USE ONLY

NOT FOR HUMAN USE

DIRECTIONS:

ASTRI-IO IS INTENDED TO BE USED WITH LELY ROBOTIC MILKING SYSTEMS

IMPORTANT: Do not mix Astri-IO with water, any other teat dips, or other products unless specified in product use instructions. If transferred from this container to any other, make sure that the other container is thoroughly pre-cleaned and bears the proper container labeling for Astri-IO.

Post-Milk Spraying: Immediately after each milking, use Astri-IO at full strength. Spray entire teat with Astri-IO. Allow to air dry. Do not wipe.

Always use fresh, full-strength Astri-IO. Do not turn cows out in freezing weather until Astri-IO is completely dry.

Expanded Usage: When freshening cows, begin dipping teats twice daily for about 10 days before calving.

PRECAUTION: Astri-IO is not intended to cure or help the healing of chapped or irritated teats. As with any germicide, irritation or

sensitization may occur in sensitive animals. In case of teat irritation or chapping, have the condition examined and, if necessary, treated by a

veterinarian.

FIRST AID:

In case of eye contact: Rinse with plenty of water.

In case of skin contact: Rinse with plenty of water.

If swallowed: Rinse mouth. Get medical attention if symptoms occur.

If inhaled: Get medical attention if symptoms occur.

EMERGENCY HEALTH INFORMATION: 1-800-328-0026.

OUTSIDE UNITED STATES AND CANADA CALL 1-651-222-5352 (in USA).

DIRECTIONS:

ASTRI-10 IS INTENDED TO BE USED WITH LELY ROBOTIC MILKING SYSTEMS

IMPORTANT: Do not mix Astri-10 with water, any other teat dips, or other products unless specified in product use instructions. If transferred from this container to any other, make sure that the other container is thoroughly pre-cleaned and bears the proper container labeling for Astri-10.

Post-Milk Spraying: Immediately after each milking, use Astri-10 at full-strength. Spray entire teat with Astri-10. Allow to air dry. Do not wipe. Always use fresh, full-strength Astri-10. Do not turn cows out in freezing weather until Astri-10 is completely dry.

Expanded Usage: When freshening cows, begin dipping teats twice daily for about 10 days before calving.

PRECAUTION: Astri-10 is not intended to cure or help the healing of chapped or irritated teats. As with any germicide, irritation or sensitization may occur in sensitive animals. In case of teat irritation or chapping, have the condition examined and, if necessary, treated by a veterinarian.

INSTRUCCIONES:

ASTRI-10 DEBE SER USADO CON LOS SISTEMAS ROBOTICOS DE ORDENADO MARCA LELY

IMPORTANTE: No mezcle Astri-10 con agua, con ningún baño antiséptico para pezones, ni con ningún otro producto a menos que los mismos hayan sido especificados en las instrucciones de uso del producto. Si el producto fuese transferido desde este envase a cualquier otro, asegúrese de que ese otro envase haya sido íntegramente prelavado y que contenga el etiquetamiento del envase de Astri-10.

Rociado Post Ordeño: Inmediatamente después de cada ordeño, use Astri-10 en su máxima potencia. Rocíe todo el pezón con Astri-10. Deje que se sequen al aire. No secar con toallas. Siempre utilice Astri-10 reciente, con su máxima potencia. Hasta que Astri-10 no se haya secado completamente, no saque las vacas al exterior en climas gélidos.

Uso Expandido: Al refrescar a las vacas, comience con un baño antiséptico de sus pezones dos veces por día por aproximadamente 10 días antes de parir.

PRECAUCIÓN: Astri-10 no está diseñado para curar o ayudar con la cicatrización de los pezones agrietados o irritados. Como cualquier otro germicida, puede provocar irritación o sensibilización en animales sensibles. En caso de irritación o agrietamiento de los pezones, haga examinar dichas afecciones y, de ser necesario, hágalas tratar con un veterinario.
