

ACNE THERAPY- benzoyl peroxide lotion
menScience Androceuticals, LLC

ACNE THERAPY LOTION

Drug Facts

Active Ingredient

Benzoyl Peroxide 3%

Purpose

Acne Treatment

Uses

for the treatment and prevention of acne

Warnings

For external use only.

Do not use:

If you have very sensitive skin or sensitive to benzoyl peroxide.

When using this product:

Apply to affected areas only. Avoid unnecessary sun exposure and use a sunscreen. Do not use in or near the eyes, lips or mouth. This product may bleach hair or dyed fabrics. Using other topical acne medications at the same time or right after use of this product may increase dryness or irritation of the skin.

Discontinue use and ask a doctor

if skin irritation becomes severe or if you are using more than one acne medication.

Keep out of reach of children.

If swallowed, get medical help or contact a poison control center right away.

Directions:

Shake before using. Apply to clean skin. Cover the affected area with a thin layer 1 to 3 times daily. Because too much drying of the skin may occur, start with 1 application daily or every other day, then gradually increase to 2 to 3 times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application

once a day or every other day. If going outside, allow product to dry, then use a sunscreen. Store at 20-25 C (68-77 F) °°
