BLANX®

BLANX Stain Prevention toothpaste containing Arctic Lichen cleans without abrasiveness, restoring the teeth's original whiteness day by day while combating stains. Its unique formula enriched with microscopic bamboo powder removes stains and pigmentation due to smoking, food, beverages and plaque deposits.

I dentifricio BlanX Antimacchia a base di Licheni Artici, garantisce un effetto pulente non abrasivo ripristinando giorno dopo giorno il bianco originale dei denti abbinando all'effetto sbiancante un'azione antimacchia. La sua formula unica arricchita di micro-polvere di bambù rimuove le macchie e i pigmenti dovuti a fumo, alimenti, bevande e depositi di placca.

BLANX Folteltávolító Fogkrém. Sarki zuzmót tartalmaz, karcolás nélkül tisztít. Napi használata segít visszaállítani a fogak természetes fehérségét és véd a foltok ellen anélkül, hogy károsítaná a fogzománcot. Bambuszporral gazdagított egyedülálló formulája eltávolítja a dohányzás, ételek, italok és lepedék lerakódások okozta foltokat és elszíneződéseket.

BLANX bélicí zubní pasta obsahuje výtažky z arktických lišejníků, které odstraňují povrchové zbarvení bez abrazivního účinku a každodenně navracají zubům jejich přírodní bělost. Unikátní formule obohacená o mikroskopický bambusový prášek odstraňuje zbarvení a pigmentace způsobené kouřením, jídlem, nápoji a zubním plakem.

Complete dental care with Arctic Lichen for natural whitening

NON-ABRASIVE WHITENING TOOTHPASTE

INTENSIVE STAIN REMOVAL

BLANX®
Non-abrasive whitening toothpastes

BASED ON NATURAL ARCTIC LICHEN

Removes stubborn stains
For daily use

BlanX® Intensive Stain Removal effectively removes stubborn stains caused by smoke, food, drink and plaque. Its unique formula, which contains lichens and bamboo micropowder, is specially designed to restore the natural whiteness of teeth. Its intense aroma leaves the mouth feeling fresh, while the active ingredients effectively prevent the build up of plaque and tartar.
