5820335 Walgreens Professional Str Mouth Sore Relief Liquid

Drug Facts

Active ingredient

Benzocaine 20.0% (w/w)

Purpose

Oral anesthetic/analgesic

Use

for the temporary relief of pain due to canker sores, minor irritation of the mouth and gums caused by dentures or orthodontic appliances, or minor injury of the mouth or gums

Warnings

For oral use only

Allergy alert: do not use this product if you have a history of allergy to local anesthetics such as procaine, butacaine, benzocaine or other "caine" anesthetics

When using this product

- do not use for more than 7 days unless told to do so by a dentist or doctor. If sore mouth symptoms do not improve in 7 days; if irritation, pain or redness persists or worsens; or, if swelling, rash or fever develops, see your doctor or dentist promptly. Do not exceed recommended dosage.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- to assure formation of long lasting film coating, dry affected area and apply medication undiluted with applicator.
- allow a few seconds for coating to form.
- use up to 4 times daily, or as directed by a dentist or doctor.
- children 12 years of age should be supervised in the use of this product.
- **children under 2 years of age:** ask a dentist or doctor

Other information

- do not purchase if package has been opened
- store at 20 - 25 C (68-77F)
- close cap tightly after use to avoid evaporation
- avoid contact with eyes
- avoid contact with clothing and household furniture surfaces to avoid possible

staining

- this is a personal care item, and should be used by one individual only
