

FOOTLOGIX MOISTURIZING DIABETIC FORMULA- dimethicone aerosol, foam
KVG Group Inc

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active Ingredient

Dimethicone 1%

Purpose

Skin Protectant

Uses: Footlogix Moisturizing Diabetic Formula- with Dermal Infusion Technology is an effective daily maintenance formula that hydrates and relieves the extremely dry, cracked skin of the feet. This unique fragrance-free, lightweight mousse formula also softens, protects the skin and prevents damage due to dryness by replenishing the skin's moisture barrier.

Warnings ■ Do not use on children 2 years of age unless directed by a doctor ■ For external use only ■ Avoid spraying into the eyes ■ Do not use on deep wounds, infections or lacerations ■ Supervise children in the use of this product

Stop use and ask a doctor if: ■ irritation occurs or if there is no improvement within 4 weeks ■ there are deep puncture wounds, infections or lacerations

Keep out of reach of children to avoid accidental poisoning. In case of accidental ingestion, contact a doctor or Poison Control Center immediately

Directions ■ Clean the affected area and dry thoroughly ■ Hold the can upright ■ Shake well before each use ■ Use sparingly twice daily for the first two weeks and continue once daily until the problem is corrected ■ When used as directed, this can contains enough mousse for approximately two months supply ■ If condition persists, consult a doctor

Caution: ■ Contents are under pressure ■ Protect from direct sunlight and do not store at temperatures above 120F/50C ■ After use, do not puncture or incinerate container ■ Spray only in a well ventilated area ■ Do not spray in presence of open flame or spark or while smoking
