Directions

Clean nails and dry thoroughly.
Remove any nail polish with nail polish remover. Allow to dry thoroughly. Roll your bottle of Fioré Rx Antifungal Nail Lacquer in between your hands to mix the lacquer thoroughly. Do not shake the bottle, as this can introduce air bubbles that will affect the quality of the lacquer. Using only the brush provided in the Fioré Rx bottle, apply a strip of lacquer down the middle of your nail from cuticle to tip before following it with lacquer on either side. Allow lacquer to dry for at least 2 minutes. For best results, apply a second coat and allow to dry for 30 minutes.
