Información sobre el fármaco

Ingredientes activos	Acción
Tolnaftato 1%	Antimicótico

Indicaciones ■ Eficaz en el tratamiento de la mayoría de infecciones de pie de atleta (Tinea Pedis), picazón inguinal (Tinea Cruris) y tiña (Tinea Corporis). ■ Elimina comezón, peladuras, ardor y malestar que pueda ser causado por el pie de atleta y la tiña.

Advertencias

Medicamento de uso externo

Peligro inflamable: El contenido de este producto esta sometido a presión. No perforo ni tire el envase al fuego. Mezcla inflamable; no use el producto cerca del fuego o lo exponga al calor ni a temperaturas que sobrepasen los 49°C. Emplee el producto de acuerdo a las indicaciones. La inhalación intencional del contenido del producto puede ser dañina o mortal.

Al usar este producto: evite el contacto con los ojos.

No use este producto en los ojos o la boca, ni cerca de ellos. No trate infecciones de las uñas o del cuero cabelludo con este producto.

Consulte al médico antes de usar en niños menores de 2 años de edad.

Suspenda el tratamiento y consulte a su médico: ■ En caso de irritación o de no presentarse mejoría alguna en un periodo de 4 semanas en tratamiento del pie de atleta y tiña ó 2 semanas en tratamiento de picazón inguinal.

Manténgase fuera del alcance de los niños. En caso de ingestión solicite atención médica o comuníquese con el Centro Toxicológico (1-800-222-1222) de inmediato.

Modo de empleo

■ Lave y seque muy bien el área afectada. ■ Agite bien y mantenga el envase a una distancia de 10 a 15 cm de la piel. Aplique una fina capa del producto sobre el área afectada dos veces al día (mañana y noche) o como lo indique el doctor. ■ La supervisión de un adulto es necesaria si el producto es utilizado por un niño. ■ En el tratamiento del pie de atleta aplique cuidadosamente entre los espacios de los dedos de los pies. Use zapatos cómodos y con buena ventilación, y cambie de calzado y calcetines por lo menos una vez al día. ■ Aplique diariamente durante 4 semanas para el tratamiento del pie de atleta y tiña; en el caso del tratamiento de picazón inguinal aplique diariamente durante 2 semanas. Si persisten los síntomas, consulte a su médico.

Información adicional

Manténgase a temperatura ambiente 15°-25°C (59°-77°F).

Excipientes BHT, fragancia, polietilenglicol 400, alcohol SD 40-B (41% peso/peso), Propulsor: Isobutano, butano regular, propano.
