TEINT COUTURE Long-wearing Fluid Foundation Radiance & Comfort Made-to-measure Coverage Broad Spectrum SPF 20

The perfect foundation, stylish and imperceptible from morning to evening. The centerpiece in any "makeup wardrobe", it combines impeccable hold and absolute comfort.

Timeless pieces never go out of fashion. They adapt to any occasion, are worn all day long and follow us through the seasons. GIVENCHY has created TEINT COUTURE, the new sophisticated and immaculate foundation essential: a silky lightweight texture that stays true for up to 15 hours, offering exquisite comfort and tailor-made coverage. The perfect foundation for a subtly even complexion, enhanced with a fresh, natural glow, which remains flawless until the evening.

Pure fidelity

The Givenchy laboratories have implemented an original strategy of three biophysical principles to guarantee exceptional hold and well-being for the skin: - the formula and pigments cling durably and uniformly to the skin while following its movements, thanks to a light and supple magnetic polymer. The texture and radiance remain lastingly true and even. - : hydro-magnets help to capture and maintain water molecules at the heart of the skin. The skin retains its fresh, plump appearance; the complexion is luminous all day long. - : a zinc derivative helps to protect the skin against external stress . The skin is rebalanced for optimal functioning.
