-----

Magnesium Sulfate USP (Epsom Salt)

Internal Use .....Saline laxative

External Use .....Soaking Solution

**For internal Use as laxative:**

- do not exceed more than 2 doses per day
- may be taken as a single daily dose or in divided doses
- dissolve each dose in a full (8 ounces) of liquid
- Age = Adults and children 12 years and older .....Dose: 2 to 4 level teaspoons (10 to 22 grams) daily
- Children 6 and under 12 years.....Dose: 1 to 2 level teaspoons (5 to 10 grams) daily
- Not recommended for children under 6 years of age.

**USES**

Internal

- Relieves occasional constipation (irregularity)
- Generally produces bowel movements in 1/2 to 6 hours

External - Relieves pain from minor prains and bruises

KEEP OUT OF REACH OF CHILDREN. Where prompt relief is not obtained or where there is evidence of infection, discontinue use and consult a physician. Hot or warm soaks should not be used by individuals with diabetes except on advice of a physician. Avoid contact with eyes.

Warnings - Ask a doctor before use if you have:

- kidney disease
- a magnesium restricted diet
- abdominal pain, nausea or vomiting
- noticed a sudden change in bowel habits that persists over a period of 2 weeks
- already used a laxative for a period longer than 1 week

**Ask doctor or pharmacist before use if you are presently taking any other drug. take this product 2 or more hours before or after other drugs. Laxatives may affect how other drugs work.**

**When using this product, do not use more than directed.**

**Stop and consult a doctor if:**

- As laxative: you have rectal bleeding or fail to have a bowel movement after use.
- This may indicate a serious condition
- You need to use a laxative for more than 1 week.

As a soaking solution if:

- you have redness, irritation, swelling or infection occurs
- hot or warm soaks should not be used by individuals with diabetes except with the advice of a physician.

If pregnant or breast-feeding, ask a health professional before use.

Keep this and all drugs out of the reach of children. In case of accidental overdose, seek professional assistance or contact a poison control center immediately.

**EPSOM SALT WITHOUT SCENT CAN BE APPLIED FOR BOTH INTERNAL AND EXTERNAL USE, SCENTED EPSOM SALT CAN BE APPLIED FOR EXTERNAL USE ONLY.**
