Manufactured by Pharmaskincare®
Sun Valley, CA 91352 USA

Pharmaskincare® Brightening Dermarelief Cream is an innovative formula that uses natural skin illuminators such as licorice root extract and kojic acid to improve the appearance of the skin. It is enhanced with hydrocortisone to help reduce minor skin irritation. The highly effective emollient squalene helps restore natural moisture and features enriching antioxidant properties. This cream nourishes the skin for a bright, balanced, and healthy complexion both morning and night. For best results, use with Pharmaskincare Brightening product line.

The Pharmaskincare® Advanced Science® Brightening collection draws upon potent botanical extracts and hydroquinone to create the ultimate brightening system. Skin discoloration arises from various internal and external factors such as aging and sun exposure. With hydroquinone at the forefront, the Brightening collection is designed to target unwanted discoloration for a vibrant, balanced, and even-toned complexion.
