

OBSTETRIX ONE- calcium ascorbate dihydrate, cholecalciferol, d-alpha tocopheryl acetate, pyridoxine hydrochloride, calcium l-5-methyltetrahydrofolate, cyanocobalamin, carbonyl iron, magnesium oxide, zinc oxide, docosahexaenoic acid capsule, gelatin coated
Seyer Pharmatec, Inc.

Obstetrix™ One

Supplement Facts		
Serving Size: 1 Softgel / Servings Per Container: 30		
	Amount Per Serving	% Daily Value**
Vitamin C (as calcium ascorbate dihydrate)	18 mg	15%
Vitamin D (as cholecalciferol)	6.25 mcg	42%
Vitamin E (as d-alpha tocopheryl acetate)	10 mg	53%
Vitamin B6 (as pyridoxine HCl)	30 mg	1500%
Folate (as L-5-methylfolate, calcium salt) -Metafolin® (1mg folate)	1.7 mg DFE	284%
Vitamin B12 (as cyanocobalamin)	15 mcg	536%
Iron (as carbonyl iron)	38 mg	141%
Magnesium (as magnesium oxide)	15 mg	4%
Zinc (as zinc oxide)	20 mg	154%
DHA (Docosahexaenoic Acid from Algal Oil)	225 mg	*
* Daily Value not established.		
** Daily Value for Pregnant and Lactating Women.		

OTHER INGREDIENTS: Gelatin capsule (bovine gelatin, glycerin, purified water, annatto, and sodium copper chlorophyllin), sunflower lecithin, white beeswax.

Metafolin® is a registered trademark of Merck KGaA, Darmstadt Germany.

For lot number and expiration date, please see bottom of the box.

Rev.: 03/24 Code: SEY2625-30UC

DESCRIPTION: OBSTETRIX ONE is a premium prenatal vitamin and mineral supplement with DHA taken throughout pregnancy and during the postnatal period for both lactating and non-lactating mothers. **OBSTETRIX ONE** is also useful in improving nutritional status prior to conception. It is recommended that folate levels be high for at least one month prior to possible conception and continued at that level for the first three months of pregnancy. †

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. **KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.** In case of accidental overdose, call a doctor or poison control center immediately.

DO NOT USE OBSTETRIX ONE if you have a known hypersensitivity to any of the ingredients within. This product is not intended for children under 12 years of age.

WARNING: Ingestion of more than 3 grams per day of Omega-3 fatty acids, such as DHA (docosahexaenoic acid) has been shown to have potential anti-thrombotic effects, including increased bleeding times. Talk to your doctor if you are concerned about the effects of the DHA in **OBSTETRIX ONE** especially if you are taking anticoagulants.

CAUTION:

This product contains 1.7mg DFE (1mg) folic acid, the maximum safe Reference Daily Intake (RDI) amount for this nutrient. Folic Acid alone should not be used for individuals with pernicious anemia and other megaloblastic anemias where Vitamin B12 is deficient. Folic acid in amounts above 0.1 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations remain progressive. Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

ADDITIONAL INFORMATION: Potential discoloration and/or darkening on soft gels or soft gel seams may occur immediately or over time, due to the Vitamin C and Iron. This does not affect product efficacy and is merely cosmetic.

ADVERSE REACTIONS: Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DIRECTIONS FOR USE:

Take One (1) Softgel Daily with or without food or as recommended by your healthcare provider.

OTHER INFORMATION:

Store at 20°-25°C (68°-77°F); excursions permitted to 15°-30°C (59°-86°F). Protect from extreme temperatures. Freezing & excessive heat may damage softgels.

Dietary Supplement

PREMIUM PRENATAL MULTI-VITAMIN WITH DHA

with 100% Bioactive Folate

NO ARTIFICIAL COLORANTS OR DYES

FINALLY, A PRENATAL YOU CAN STOMACH!

PRODUCT BENEFITS

Metafolin® - increases plasma folate more effectively than folic acid

Carbonyl Iron - slow release, 98% pure, high bioavailability

Plant based DHA - no fishy 'burp backs'

Vitamin B6 - to help relieve morning sickness and minimize fatigue

Non-constipating formula - changing hormone levels in early **pregnancy** cause constipation

Small Softgel — easy to swallow, reduces gag reflex

OBSTETRIX ONE was specifically formulated to help reduce some of the unpleasant side effects associated with pregnancy and prenatal vitamin supplementation, while providing the latest in prenatal nutrition.

Manufactured in the USA for:
Seyer Pharmatec, Inc.
Caguas, Puerto Rico 00725
