Basic Research

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Clinical Emergency Zit Stick

Active ingredient	Purpose
Salicylic Acid 2%	Acne Treatment Cream

Uses

Treats acne

Clears up acne blemishes

Penetrates Pores to clear most acne pimples

Keep out of reach of children. If swallowed get medical or contact a Poison Control Center right away. If swallowed get medical help or contact a poison control center right away.

Do not use:

on broken skin

on apply to large areas of the body

Warnings

For external use only

Using other topical acne medications at the same time or immediately following use of this product may increase dryness or irritation of the skin. if this occurs only one medication should be used unless directed by a physician.

Apply to effected areas only

Directions

Cleanse the skin thoroughly before applying this medication.

Cover the entire affected area with a thin layer one to three times daily.

Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three time daily if needed or as directed by a doctor.

If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
