SinuCleanse Sterile Nasal Saline Mist

Active Ingredient

Sodium Chloride 3%

Sterile, Hypertonic Saline Solution,

Sodium Bicarbonate to adjust pH

Purpose

Nasal Wash

Uses

- Nasal congestion
- Removes inhaled irritants (dust, dirt, pollen)
- Moisturizes dry nasal passages

Directions

Adults and children 4 years and over: Use as often as needed

Children under 4 years: Consult a physician

See directions on can for complete instructions

For nasal use only.

Before use, expel a short stream of mist into the air. Insert tip of nozzle into one nostril and press down on the textured area at the base of the nozzle so that a gentle mist coats nasal passages. Blow your nose very gently to clear the mucus out. Repeat for the other nostril.

To flush and irrigate, tilt head to the side over sink. Insert top of nozzle into the top nostril, pressing down on the textured area at the base of the nozzle so that a gentle mist fills sinus passages and flows out the opposite nostril. Repeat in other nostril.

Wipe nozzle after each use.

Warnings

Warnings

Use of this product by more than one person may spread infection

Contents under pressure
Do not puncture or incinerate
Avoid spraying in eyes

Keep out of reach of children.

Other Information

Store between 59 and 86 degree F

Inactive ingredients

Purified Water

Sinucleanse® Allergy & Sinus Relief Nasal Mist allows you to Breathe Easier with the Power of Salt. It's all-natural, preservative & steroid free formula quickly moisturizes dry nasal passages and aids in the removal of allergens & other irritants, providing relief of nasal congestion & sinus symptoms associated with year-round allergies. It may be used as often as needed day or night, with prescriptions & OTC medicines without the worry of side effects or drug interactions and is manufactured in the USA at an FDA registered drug facility to ensure safety & efficacy.

Directions for Use
Non-Habit Forming, May Be Used As Often As Needed For Nasal Use Only. Before and after each use, expel a short stream of mist into the air to clear nozzle.
Gently insert tip of nozzle into one nostril and press down on the textured area at the base of the nozzle so that a gentle mist coats nasal passage. Blow your nose very gently to clear the mucus out. Repeat for the other nostril.

*Allergy & Sinus (hypertonic) saline contains a higher concentration of salt which draws water out of swollen nasal tissues for better drainage. A hypertonic saline solution may cause temporary stinging and burning. If this occurs consider using an isotonic 0.9% sodium chloride solution product such as Sinucleanse® Daily Care Nasal Mist.
