Suffusion™ 4%

FOR DOGS & CATS

Chlorhexidine Gluconate 4%

ANTISEPTIC SHAMPOO

ACTIVE INGREDIENT: Chlorhexidine Gluconate 4%

INACTIVE INGREDIENTS: Water, Lauramine Oxide, Cocamidopropyl Betaine, Polyacrylate-1 Crosspolymer, Disodium Oleamido MIPA Sulfosuccinate, Decyl Glucoside, Glycolic Acid, Avena Sativa (Oat) Kernal Extract, Glycerin, Ceramide EOS, Ceramide EOP, Ceramide NP, Potassium Sorbate, Fragrance, Tetrasodium EDTA, Sodium Chloride, Methylchloroisothiazolinone, Methylisothiazolinone, Yellow 6.

PROPERTIES: Suffusion™ 4% Shampoo is a shampoo with chlorhexidine, an antibacterial and antifungal ingredient for antiseptic skin cleansing. Skin nourishing nutrients moisturize and calm the skin. They also support the skin's natural immune system and provide building blocks for renewed skin barrier integrity.

INDICATIONS: For use on dogs or cats with bacterial or fungal skin infections that are responsive to chlorhexidine.

DIRECTIONS FOR USE: Bathe 2-3 times per week until symptoms subside or as directed by your veterinarian. Wet the animal with cool water from the neck down and apply the shampoo first on the skin abnormalities. Starting with a quarter-size amount of product, massage in the fur to reach the skin. Repeat until the entire body is lightly coated with shampoo. Leave shampoo on for 10 minutes before rinsing with cool water. Wash hands after use.

CAUTIONS: For external use on dogs and cats only. Avoid contact with eyes. In case of contact with eyes, rinse thoroughly and consult your veterinarian. If skin irritation occurs or increases, discontinue use and consult your veterinarian.

WARNING: Keep out of the reach of children.

STORAGE CONDITIONS: Store at room temperature. Do not freeze.
