CARR & DAY & MARTIN LTD CORNUCRESCINE DAILY HOOF BARRIER EST. 1765

Daily Hoof Barrier creates a protective "one-way barrier" allowing the hoof to both breathe and repel excess moisture. Excellent for use in wet and muddy conditions or prolonged stabling which if damp underfoot can adversely affect both hoof health and shoe retention.

Before application always ensure the hoof is clean, dry and free from oil and grease. Brush on daily just below the coronet band, covering the sole, frog and heel to give all round protection. Dries in minutes, with a non sticky, clear finish.
