help protect skin against pollution and free radicals

hydrate

Dermatologist tested

Non comedogenic

No white residue

This lightweight, 100% mineral sunscreen, formulated with non-nano zinc oxide and brightening agents not only defends against UVA/UVB rays with an SPF 50 but also features extremolyte technology which helps protect skin from HEV/blue light from devices, infrared radiation and pollution. Clary Sage and Plankton extract help protect against hyperpigmentation, reduce the look of existing age spots and even skin tone for a brighter, more youthful looking appearance.

dr. brand® recommends: Shake well before use. Apply daily to face, neck and chest, as the last step in your skincare routine.
