Halyard

24-Hour Oral Care Kit

Drug Facts

Active Ingredient

Hydrogen Peroxide 1.5%

Purpose

Oral Debriding Agent

Uses

- Aids in the removal of phlegm, mucus, or other secretions in the temporary relief of discomfort due to occasional sore throat and sore mouth.

Warnings

Stop use and ask a doctor if

- Swelling, rash, or fever develop.
- Severe or persistent sore throat or sore throat accompanied by high fever, headache, nausea, and vomiting occurs.
- Do not use more than 2 days or administer to children under 3 years of age unless directed by a physician.

Keep out of reach of children under 3 years of age.

Directions

- Topical dosage for adults and children 3 years of age and older is a rinse used no more than 4 times daily. For children under 3 years of age, there is no recommended dosage except under the advice and supervision of a dentist or doctor.
- Use only under health care practitioners supervision.

Other Information

- Store at room temperature.

Inactive Ingredients

Purified Water, Glycerin, Flavor, Sodium Saccharin

Antiplaque Solution

Drug Facts

Active Ingredient	Purpose
Cetylpyridinium Chloride 0,05%.....	Antigingivitis/Antiplaque

Uses

- Helps remove plaque that leads to gingivitis.

Warnings

Stop use and ask a doctor if:

- Gingivitis, bleeding, or redness persists for more than 2 weeks.
- You have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between the teeth. These may be signs or symptoms of periodontitis, a serious form of gum disease.

Keep out of reach of children under 6 years of age.

If more than used for rinsing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Adults and children 12 years of age and older: Use as directed by a dentist. Do not swallow the rinse.
- Children 6 years to under 12 years of age: supervised use.
- Children under 6 years of age: do not use.
- Use only under health care practitioner's supervision.

Other Information

- This rinse is not intended to replace brushing or flossing.
- Store at room temperature.

Inactive Ingredients

Purified Water, Glycerin, Sorbitol, Flavor, Benzoic Acid, Sodium Benzoate, Sodium Saccharin, D&C Green 5

Instructions for Use: Oral care should be performed per institutional protocol.** For single patient use. Patients with altered levels of consciousness or who cannot comprehend commands may require use of a bite block. See instructions for use below.

Prep Pack Assembly

- Select HALYARD® Prep Pack from kit and open package.
- Connect stepped adapter of suction handle firmly to suction canister tubing. Attach Y-adapter firmly to suction port. Then firmly attach oral care suction tubing to one Y-adapter port and closed suction tubing to the other port. (Use the Y-adapter only if using a single suction canister for both closed suctioning and oral care.)
- Attach Yankauer firmly to suction handle.

Yankauer Assembly and Use

- Attach Yankauer firmly to suction handle.

Toothbrush Pack with Antiplaque Solution, Suction Swab Pack with H₂O₂ and Suction Swab Pack with Alcohol-Free Mouthwash Assembly and Use

- Toothbrush or Suction Swab**
- Select HALYARD® Toothbrush or Suction Swab pack from kit and open package.
- Remove Yankauer from suction handle and set in component tray. Firmly attach tool.
- Peel back solution dispenser lid and moisten tool¹.
- To apply suction, slide switch to ON.

PREPARED INSTRUMENTS LISTING AND DISASSEMBLY INSTRUCTIONS

- To store between uses, clip suction handle to top of suction tubing in upright position.

- Slide cleaning sleeve toward suction handle.
- To apply suction, slide switch to ON.
- Suction and clean oral cavity.
- After suctioning, advance cleaning sleeve toward tip to clean and dry the Yankauer.

- Clean and suction oral cavity using appropriate tool according to hospital protocol.
- Slide switch to OFF.
- Remove tool from suction handle and discard.
- Reattach Yankauer firmly to handle and clip to suction tubing.

Applicator Swab and Mouth Moisturizer

- Remove applicator swab and coat with moisturizer.
- Apply moisturizer to lips and mouth.
- Discard after use.

1 Four Suction Swab Packs with H₂O₂ provided for 24-hour period per Drug Facts.

Suction Catheter Pack Assembly and Use

- Select HALYARD® Suction Catheter Pack from kit and open package.
- Remove Yankauer from suction handle and set in component tray. Attach suction catheter firmly.
- To apply suction, slide switch to ON.
- Suction and clean oropharyngeal cavity.
- Slide switch to OFF.
- Remove suction catheter from suction handle and discard.
- Reattach Yankauer firmly to suction handle and clip to suction tubing.

**See graphics on the inner panel of the kit for a recommended order of use of components to support a typical q2h oral care protocol. The Suction Catheter Packs may be used as needed. For convenience, the start time may be entered in the blank arrow.
