DESCRIPTION

Vitamin D3 (Cholecalciferol) is a clear gelatin softgel capsule marked "N402". Vitamin D3 is a fat-soluble high potency vitamin that helps your body absorb calcium and phosphorus. Cholecalciferol is a softgel capsule, colorless crystal, insoluble in water, soluble in organic solvents, and slightly soluble in vegetable oils. It is affected by air and by light. One Unit of vitamin D3 is equivalent to one International Unit (IU). Each softgel capsule, for oral administration, contains Cholecalciferol, 1.25 mg (equivalent to 50,000 USP units of Vitamin D).

Other Ingredients: Soybean oil, Glycerin, Bovine Gelatin and Purified water.

DIRECTIONS: Take One (1) capsule each week, or as directed by your physician. Take with food.

Store in cool dry place. Protect from light.

INDICATIONS AND USAGE

Cholecalciferol Softgel capsule is essential for absorption of calcium and necessary for healthy and strong bones. .

CONTRAINDICATIONS

Cholecalciferol softgel capsules are contraindicated in patients with hypercalcemia, malabsorption syndrome, abnormal sensitivity to the toxic effects of vitamin D, and hypervitaminosis D.

Keep out of the reach of children.

DIRECTIONS: Take One (1) capsule each week, or as directed by your physician. Take with food. Store in cool dry place. Protect from light.
