-----  
**Atomic Balm Ointment**

**Drug Facts**

**Active Ingredients**

Methyl Salicylate 12.5%

Capsaicin 0.025%

**Purpose**

Counterirritant

**Uses**

For the temporary relief of minor aches and pains of muscles and joints associated with strains, sprains, bruises, simple backache, and arthritis. Combined with stretching and calisthenics, Atomic Balm assists in the warm-up process, especially in cool, damp weather. Do not bandage tightly.

**Warnings**

**For external use only.**

Use only as directed. In case of accidental ingestion, seek professional assistance or contact a Poison Control Center immediately. Do not apply to wounds or damaged skin. Avoid contact with the eyes. If condition worsens, or if the symptoms persist for more than 7 days, or clear up and occur again within a few days, discontinue use and consult a doctor. Consult a doctor before administering to children, including teenagers, with chicken pox or flu.

**Keep this and all drugs out of the reach of children**

to avoid accidental poisoning.

**Directions**

Gently massage into painful area. Adults and children 6 years of age and older: apply to affected area not more than 3 - 4 times daily. Children under 6 years of age: consult a doctor. To apply: spread 1/8 " layer of Atomic Balm over area. Do not bandage tightly.

## Other information

This product will cause mild skin irritation. Discontinue use if excessive irritation of skin develops. Use with caution on sensitive skin. Store in a cool, dry place with cap closed tightly.

## Inactive Ingredients

Lanolin, Paraffin, Petrolatum
