Senophile

Dermal Ointment

for cuts & burns

208g

SENOPHILE is an ointment made with various well known vegetable and animal materials commonly found in the pharmacopoeia. SENOPHILE was developed to provide therapeutic benefits in the treatment for diverse lesions of the skin and helps to restore the skin to its normal healthy condition. Made of natural substances, SENOPHILE does not contain corticoids or antibiotics. SENOPHILE is used in a clinical environment to treat burns and wounds and is also used as a first-aid product to treat burns, cuts and scrapes.
