

HC MAX FOR ATHLETES FOOT- tolnaftate ointment
Kramer Laboratories

Drug Facts

Active ingredient	Purpose
Tolnaftate 1%	Anti-fungal

Uses ■ Proven effective in the treatment of most athlete's foot (tinea pedis) and ringworm (tinea corporis).

■ Helps prevent most athlete's foot with daily use. ■ For effective relief of itching, burning and cracking.

Warnings

For external use only.

Do not use on children under 2 years of age unless directed by a doctor.

When using this product ■ avoid contact with eyes.

Stop use and ask a doctor if ■ Irritation occurs. ■ There is no improvement within 4 weeks.

Keep this and all medication out of the reach of children.

In case of accidental ingestion, contact a physician, emergency medical care facility or Poison Control Center immediately for advice.

Directions ■ Clean affected area with soap and warm water and dry thoroughly. ■ Apply a thin layer of HC Max™ Anti-Fungal Ointment over affected area twice daily (morning and night) or as directed by a doctor. ■ Wear well-fitting, ventilated shoes, and change shoes and socks at least once daily. ■ For athlete's foot pay special attention to spaces between the toes. ■ For athlete's foot and ringworm, use daily for 4 weeks. ■ To prevent athlete's foot, clean the feet and dry thoroughly. Apply a thin layer of the product to the feet once or twice daily (morning and/or night). If condition persists longer, consult a doctor. ■ This product is not effective on the scalp or nails. ■ Supervise children in the use of this product.
