CREMO

**ASTONISHING SUN PROTECTION:
FROM THE TOP OF YOUR HEAD
TO THE TIP OF YOUR NOSE.**

Greasy, heavy sunscreens can glue your hair to your scalp and leave you shiny. This ultra-lightweight gel goes on dry and stays dry, so it can be applied directly into the thinning areas of your hairline. Yet it looks and feels as if nothing was in your hair at all. Helps provide a sun screen in otherwise exposed and difficult areas to protect—like an invisible hat. It's equally effective sun protection for your face, with the added benefit of instantly shine-free skin.
