

PSORIASIN DAYTIME SKIN RELIEF- coal tar cream
Alva-Amco Pharmacial Companies, Inc

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Psoriasis Daytime Skin Relief

Active ingredient

Coal tar 0.5% (from Coal Tar Topical Solution, USP 20%)

Purpose

Psoriasis / Seborrheic Dermatitis Treatment

Uses

For the relief of symptoms associated with psoriasis and/or seborrheic dermatitis including itching, scaling, flaking, redness and irritation of the skin. Helps prevent recurrence.

Warnings

For external use only

Ask a doctor before use

- for prolonged periods
- if condition covers a large area of the body
- around the rectum or in the genital area or groin
- with other forms of psoriasis therapy such as ultraviolet radiation or prescription drugs

When using this product

avoid contact with eyes. If contact occurs, rinse eyes thoroughly with water.

Stop use and ask a doctor if

- condition worsens
- condition does not improve after regular use of this product as directed.

Use caution in exposing skin to sunlight after applying this product, as it may increase your tendency to sunburn for up to 24 hours after application.

Warning: This product contains chemicals known to the State of California to cause cancer.

Keep out of reach of children.

If swallowed, get medical help or contact a poison control center right away.

Directions

- Read all package directions and warnings before use.

- Use only as directed.
- Apply (gently massage in) a small amount of PSORIASIN to affected areas.
- Apply one to four times daily or as directed by a doctor.
- Apply to thoroughly dry skin.
- The active ingredient, coal tar, in PSORIASIN may affect very light hair color; test first on a small patch of hair before broader application to areas where light colored hair is present.
- Wash affected areas at least daily with mild soap and warm water and dry thoroughly.
- Intended for use by normally healthy adults only.
- Persons under 18 years of age or those with highly sensitive or allergic skin should use only as directed by a doctor.
