

WORMICIDE- piperazine citrate syrup

Whitebridge Pet Brands

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

PET WORMER

DRUG FACTS

Active Ingredients

Piperazine Citrate 275 mg/teaspoon (5ml)

(Equivalent to 110 mg Piperazine Base)

Purpose

Anthelmintic

(Expels Worms)

Uses

a liquid dog and cat wormer for use in food or drinking water for the removal of large roundworms (ascarids) (*Toxocara canis*, *Toxocara cati*, *Toxascaris leonina*).

Warnings

For oral animal use only.

Do not use

- Piperazine is a drug with wide margin of safety, occasionally an animal may show nausea, vomiting, or muscular tremors. Such side effects are usually associated with over-dosage; therefore, recommended dosage should be followed carefully.
- Animals with known kidney pathology should be treated only by a veterinarian.

Keep this and all pet products out of reach of children.

Caution

consult veterinarian before using in severely debilitated animals. Do not worm animals more than twice yearly except as advised by a veterinarian. This product is effective for those roundworm stages found in the intestine and does not remove migrating larval stages. Animals should be checked periodically by a veterinarian for the presence of other intestinal parasites.

Directions

- One teaspoonful (5 ml) per 5 pounds of body weight.
- Apply directly into infested animal mouth or mix into food, milk or water.
- Administer to cats and dogs 6 weeks or older.
- Repeat treatment in 10 days after first treatment

Other information

store at temperature between 59-86 F

Inactive ingredients

Artificial Flavor, Caramel, Citric Acid, Potassium Sorbate, Sodium Benzoate, Sodium Saccharin, Sorbitol, Sucrose, Water (Aqua).

Dogswell Pet Wormer is an effective treatment for removal of roundworms. The liquid is very palatable to make acceptance easy. You can feed by spoon or by incorporating into your pet's water or food. If you are not sure if your pet has roundworms, consult a veterinarian.
