***Drug Facts***

**Active ingredient**

Salicylic Acid 2%

**Purpose**

Acne Treatment

**Uses**

- For the treatment of acne
- Clears acne blemishes and allows skin to heal
- Helps prevent new acne blemishes from forming

**Warnings**

**For external use only.**

**When using this product**

- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.
- avoid contact with eyes. If contact occurs, rinse thoroughly with water.
- do not use on open or irritated skin.

**Keep out of reach of children.**

If swallowed, get medical help or contact a Poison Control Center right away.

**Stop use and ask a doctor if**

- irritation becomes severe.

**Directions**

- Cleanse skin thoroughly before applying this product.
- Cover the entire affected area with a thin layer one to three times daily.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
