

**OMEPRAZOLE AND SODIUM BICARBONATE- omeprazole, sodium bicarbonate capsule, gelatin coated**  
**Walgreen Company**

-----  
**Walgreen Co. Omeprazole & Sodium Bicarbonate Capsules 20 mg/ 1100 mg Drug Facts**

**Active ingredients (in each capsule)**

Omeprazole 20 mg

Sodium Bicarbonate 1100 mg

**Purpose**

Acid reducer

Allows absorption of this omeprazole product

**Use**

- treats frequent heartburn (occurs **2 or more** days a week)
- not intended for immediate relief of heartburn. This drug may take 1 to 4 days for full effect.

**Warnings**

**Allergy alert:** Do not use if you are allergic to omeprazole

**Do not use**

if you have:

- trouble or pain swallowing food
- vomiting with blood
- bloody or black stools

These may be signs of a serious condition. See your doctor.

**Ask a doctor before use if you have**

- had heartburn over 3 months. This may be a sign of a more serious condition.
- heartburn with **lightheadedness, sweating or dizziness**
- chest pain or shoulder pain with shortness of breath; sweating; pain spreading to arms, neck or shoulders; or lightheadedness
- frequent **chest pain**
- frequent wheezing, particularly with heartburn
- unexplained weight loss
- nausea or vomiting
- stomach pain
- a sodium-restricted diet

**Ask a doctor or pharmacist before use if you are**

taking a prescription drug. Acid reducers may interact with certain prescription drugs.

**Stop use and ask a doctor if**

- your heartburn continues or worsens
- you need to take this product for more than 14 days
- you need to take more than 1 course of treatment every 4 months
- you get diarrhea
- you develop a rash or joint pain

**If pregnant or breast-feeding,**

ask a health professional before use.

**Keep out of reach of children.**

In case of overdose, get medical help or contact a Poison Control Center right away (1-800-222-1222).

**Directions**

- for adults 18 years of age and older
- this product is to be used once a day (every 24 hours), every day for 14 days
- it may take 1 to 4 days for full effect, although some people get complete relief of symptoms within 24 hours

**14-Day Course of Treatment**

- swallow 1 capsule with a glass of water at least 1 hour before eating in the morning
- take every day for 14 days
- do not take more than 1 capsule a day
- do not chew or crush the capsule
- do not open capsule and sprinkle on food
- do not use for more than 14 days unless directed by your doctor

**Repeated 14-Day Courses (if needed)**

- you may repeat a 14-day course every 4 months
- **do not take for more than 14 days or more often than every 4 months unless directed by a doctor**
- children under 18 years of age: ask a doctor. Heartburn in children may sometimes be caused by a serious condition.

**Other information**

- each capsule contains: **sodium 303 mg**
- read the directions, warnings and accompanying label information before use

- store at 20-25°C (68-77°F)
- tamper-evident: Do not use if the band around the capsule is missing or broken. Do not use if printed seal under cap is broken or missing.
- keep product out of high heat and humidity
- protect product from moisture

**Inactive ingredients**

FD&C blue no. 1, FD&C blue no. 2 aluminum lake, FD&C red no. 40, gelatin, polysorbate 80, sodium lauryl sulfate, sodium starch glycolate, sodium stearyl fumarate, titanium dioxide

**How Omeprazole and Sodium Bicarbonate Capsules, 20 mg/1100 mg Works For Your Frequent Heartburn**

Omeprazole and Sodium Bicarbonate Capsules, 20 mg/1100 mg works differently from other OTC heartburn products, such as antacids and other acid reducers. Omeprazole and Sodium Bicarbonate Capsules, 20 mg/1100 mg stops acid production at the source - the acid pump that produces stomach acid. Omeprazole and Sodium Bicarbonate Capsules, 20 mg/1100 mg is to be used once a day (every 24 hours), every day for 14 days.

**Tips for Managing Heartburn**

- Do not lie flat or bend over soon after eating.
- Do not eat late at night or just before bedtime.
- Certain foods or drinks are more likely to cause heartburn, such as rich, spicy, fatty and fried foods, chocolate, caffeine, alcohol and even some fruits and vegetables.
- Eat slowly and do not eat big meals.
- If you are overweight, lose weight.
- If you smoke, quit smoking.
- Raise the head of your bed.
- Wear loose-fitting clothing around your stomach.
