

ACNE WASH- salicylic acid solution

Kamins Dermatologics

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Dosage

apply to wet face, gently massage with fingertips and rinse thoroughly. Use once daily, increasing up to 2-3 times daily.

Indications

Salicylic acid 2%

medicated solution for acne

A gentle effective cleanser with lactic, glycolic and salicylic acids to help control acne breakouts without overdrying the skin

Keep out of reach of children

Keep out of reach of children. If swallowed seek medical assistance or contact a Poison Control Center immediately.

Purpose

A gentle skin cleanser that effectively helps to control acne breakouts. Contains moisturizing Bio-Maple™ compound, which prevents skin from overdrying.

Warnings

For external only:

When using this product

- avoid contact with eyes; if contact occurs, rinse thoroughly with water.

- If excessive skin irritation develops or increases, discontinue use; if irritation persists, consult a health care

professional.

■ it is recommended that prior to exposure to the sun, users cover with sunscreen areas to which AHAs have been applied (i.e. glycolic acid, lactic acid) and for one week afterwards.

■ using other topical acne products at the same time or right after use of this product may increase dryness or irritation of the skin. If this occurs, only one drug should be used unless directed by a health care professional.

Active ingredient

Active ingredient: Salicylic Acid

ARTWORK

Bio-Maple CompoundSM

Acne Wash

A gentle effective cleanser with lactic glycolic and salicylic acids to help control acne breakouts without overdrying the skin.

Directions:
Apply to wet face, gently massage with fingertips and rinse thoroughly.

Warning: For external use only. Avoid contact with eyes; if contact occurs, rinse thoroughly with water. If excessive skin irritation develops or increases, discontinue use, if irritation persists, consult a health care professional. It is recommended that prior to exposure to the sun, users cover with sunscreen areas to which AHAs have been applied (i.e. glycolic acid, lactic acid) and for a week afterwards. Using other topical acne products at the same time or right after use of this product may increase dryness or irritation of the skin. If this occurs, only one drug should be used unless directed by a health care professional.

Keep out of reach of children. If swallowed seek medical assistance or contact a Poison Control Center immediately.

Active Ingredient: salicylic acid 2%.

Nettoyant Anti-acnéique

Un nettoyant doux et efficace avec acides lactique, glycolique et salicylique, qui aide à contrôler les poussées d'acné sans dessécher excessivement la peau.

Mode d'emploi:
Appliquer sur la peau humide. Masser légèrement du bout des doigts et rincer abondamment. **Avertissement:** Pour usage externe seulement. Éviter tout contact avec les yeux. En cas de contact, rincer abondamment. Cesser l'emploi si une irritation excessive de la peau apparaît ou si l'irritation s'aggrave, si l'irritation persiste, consulter un professionnel de la santé. Avant toute exposition au soleil, il est recommandé d'appliquer un écran solaire sur les régions où l'on a appliqué un produit contenant des AHA (acide glycolique, acide lactique) et appliquer pour une semaine de plus. L'emploi topique d'autres produits anti-acné utilisés simultanément ou appliqués immédiatement après l'usage de ce produit peut augmenter le dessèchement ou l'irritation de la peau. Dans ce cas, un seul produit devrait être employé, sauf indication contraire d'un professionnel de la santé. Garder hors de la portée des enfants. En cas d'ingestion, faire appel à une assistance médicale ou contacter un centre antipoison immédiatement.

Ingrédient actif : Acide salicylique 2 %.
