

MONSELS SOLUTION - ferric subsulfate liquid
Gordon Laboratories

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

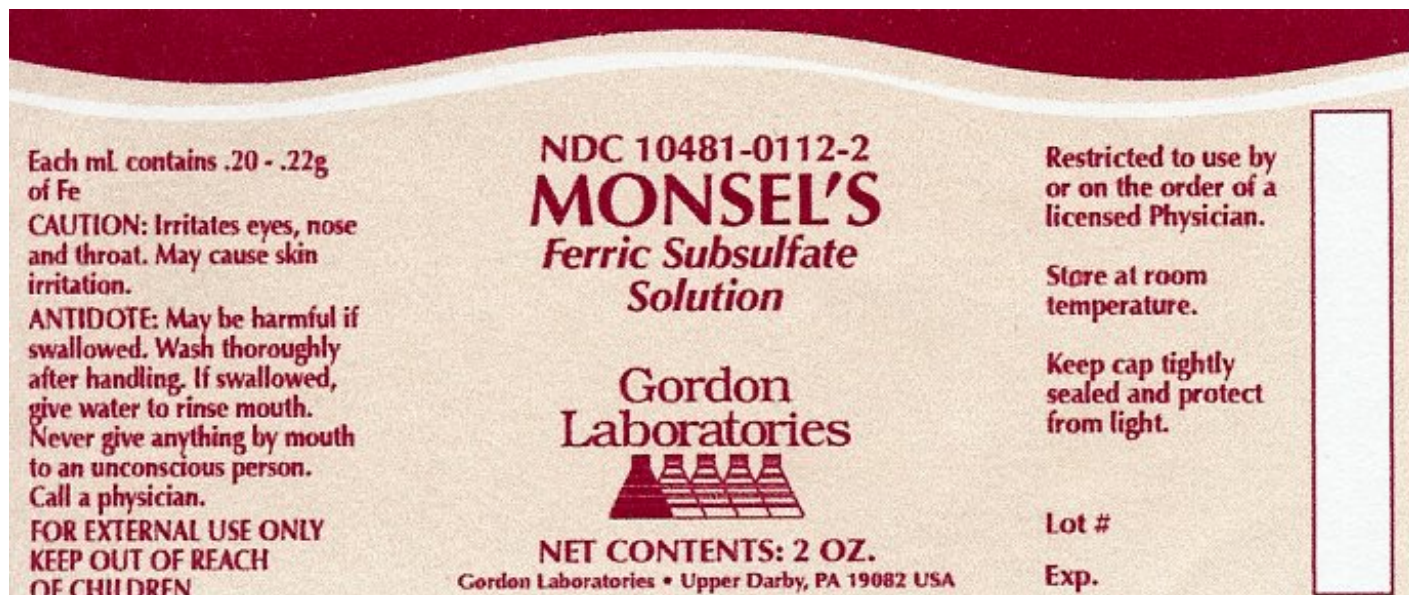

MONSELS SOLUTION

Light-resistant 2 ml bottles.

Used as a styptic in its undiluted form.

It should not be used in vesicular, bullous, or exudative (oozing) dermatoses because it may then cause permanent pigmentation on the skin. May be harmful if swallowed. For external use only. If swallowed, do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention immediately. Keep out of reach of children.

Restricted to use by or on the order of a licensed Physician. Store at room temperature. Keep cap tightly sealed and protect from light.
