-----

**DRUG FACTS**

**Active Ingredient:**

Coal Tar (2.5%)

**Purpose:**

Psoriasis/Seborrheic Dermatitis Treatment

**Uses:**

For the relief of symptoms associated with psoriasis and or seborrheic dermatitis including itching, scaling, flaking, redness and irritation of the skin. Helps prevent recurrences. Treats eczema.

**Warnings:**

For external use only. Will stain clothing. Avoid exposure to sun during treatment and for the following 24 hours.

**Ask a doctor before use.**

For prolonged periods. If condition covers a large area of the body around the rectum or in the genital area or groin with other forms of psoriasis therapy such as ultraviolet radiation or prescription.

**Directions:**

- Read all package directions and warnings before using.
- Use as directed.
- Apply (gently massage in) a small amount of PsorMedicor to affected areas.
- Apply on clean skin or after a shower.
- Wait for 10 minutes to allow for ventilation, cover with single-use cloth.
- Leave on for at least 3 hours or during a night.
- Wash skin after treatment.
- Use for 7-14 days.
- Intended for use by normally healthy adults only.
- Persons under 18 years of age or those with highly sensitive or allergic skin should use only as directed by a doctor.
