mysimplepetlab Wound Cleanse

Drug Facts

Active ingredients

Benzalkonium Chloride 0.13%

Purpose

Antiseptic Germ killer

Uses

- soothes minor cuts and scratches
- kills germs that can cause infection
- protects and helps skin heal

Warnings

For external use on dogs only.

Keep out of reach of children and animals to avoid unintended consumption. In case of accidental overdose, contact a health professional immediately.

Do not use • in eyes • over large areas of the body • in cases of deep or puncture wounds • animal bites • serious burns • for over one week unless directed by a veterinarian • **on pregnant or nursing animals.**

Stop use and ask veterinarian if redness, irritation, or swelling persists or increases.

Directions

- thoroughly cleanse affected area to remove dirt and debris
- thoroughly rinse area to remove soap residue
- cover dog's eyes, spread the fur or coat away from the area to be sprayed
- hold as close as necessary to control the spray area without touching the area with the container tip
- spray the area several times to cleanse
- wipe away excess drips without touching the irritation
- allow to dry and cover with a loose bandage
- keep dog from licking sprayed area.
