Indications

BP Vit 3 Capsules are indicated for improving nutritional status in conditions requiring essential fatty acid, vitamin B_{12} and B_6 and folic acid supplementation as well as for patients where cholesterol levels are a concern.

Contraindications

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

Precautions

Folic Acid in doses above 0.1 mg daily may obscure pernicious anemia in that hematological remission can occur while neurological manifestations remain progressive.

Pediatric Use

Safety and effectivess in pediatric patients have not been established.

Pregnancy and Lactation

The safety of phytosterols has not been studied in pregnant or breastfeeding women. There is no evidence that dietary intakes of naturally occuring phytosterols, such as those consumed by vegetarian women, adversely affect pregnancy or laction.

Adverse Reactions

Allergic sensitization has been reported following oral, enteral and parenteral administration of folic acid.

Warning

Keep this and all medications out of the reach of children.

Dosage and Administration

Adults: One to four softgels as directed by a physician.
