Premier Value

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active ingredient	Purpose
Benzoyl Peroxide 10%.....	Acne Treatment

Uses for the treatment of acne

Warnings

For external use only.

Do not use if you have very sensitive skin or are sensitive to benzoyl peroxide.

When using this product • skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time. • rinse right away with water if it gets in eyes • avoid unnecessary sun exposure and use a sunscreen • avoid contact with the eyes, lips, and mouth • avoid contact with hair and dyed fabrics, which may be bleached by this product • skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Stop use and ask a doctor if skin irritation becomes severe.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away

Directions • cleanse the skin thoroughly before applying medication • cover the entire affected area with a thin layer one to three times a day • because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day. • if going outside, use a sunscreen. Allow product to dry, then follow direction in the sunscreen labeling. If sensitivity develops, discontinue use of both products and consult a doctor.

Inactive ingredients Carbomer, Disodium EDTA, Disodium Lauryl Sulfosuccinate, Methylparaben, Sodium Hydroxide, Water.
