**Walgreens Extra Strength Nasal Saline Mist**

**Active Ingredient**

Sodium Chloride 3.0%

Sterile, Hypertonic Saline Solution,  
Sodium Bicarbonate to adjust pH

**Purpose**

Nasal Wash

**Inactive ingredients**

Purified Water

**Uses**

- Nasal congestion
- Removes inhaled irritants (dust, dirt, pollen)
- Moisturizes dry nasal passages

**Directions**

For nasal use only.

Before use, expel a short stream of mist into the air. Insert tip of nozzle into one nostril and press down on the textured area at the base of the nozzle so that a gentle mist coats nasal passages. Blow your nose very gently to clear the mucus out. Repeat for the other nostril.

To flush and irrigate, tilt head to the side over sink. Insert top of nozzle into the top nostril, pressing down on the textured area at the base of the nozzle so that a gentle mist fills sinus passages and flows out the opposite nostril. Repeat in other nostril.

Wipe nozzle after each use.

USE AS OFTEN AS NEEDED

NON-HABIT FORMING

NON-ADDICTING

**Warnings**

**Warnings**

- Use of this product by more than one person may spread infection
- Contents under pressure
- Do not puncture or incinerate

**Directions:** For nasal use only. Before first use, expel a short stream of mist into the air. Insert tip of nozzle into one nostril and **press down on the textured area at the base of the nozzle** so that a gentle mist coats nasal passages. Blow your nose very gently to clear the mucus out. Repeat for the other nostril. To flush and irrigate, tilt head to the side over sink. Insert top of nozzle into the top nostril, pressing down on the textured area at the base of the nozzle so that a gentle mist fills sinus passages and flows out the opposite nostril. Repeat in other nostril. Wipe nozzle after each use. **USE AS OFTEN AS NEEDED** NON-HABIT FORMING NON-ADDICTING

**IMPORTANT NOTE:** This product contains hypertonic saline, which has a higher level of salt to draw water out of swollen nasal tissues, allowing for better drainage. It is possible that a hypertonic saline may cause temporary burning or stinging. If this is bothersome, consider using a sterile, isotonic saline mist.
