CeraSoothe CHX+MC

Antiseptic Shampoo

Fragrance: Cucumber melon

Formulated for cats, dogs, and horses

A shampoo with chlorhexidine and miconazole, antibacterial and antifungal ingredients for skin cleansing. Ceramides and avenanthramides are skin nourishing nutrients that moisturize and calm the skin. They also support the skin's natural immune system and provide building blocks for renewed skin barrier integrity.

Active ingredients: Chlorhexidine gluconate 2%, miconazole nitrate 2%.

Inactive ingredients: Water, lauramine oxide, cocamidopropyl betaine, decyl glucoside, polyacrylate-1 crosspolymer, lactic acid, acetic acid, avena sativa (oat) kernel extract, glycerin, ceramide EOP, ceramide EOS, ceramide NP, fragrance, potassium sorbate, sodium hydroxide, methylchloroisothiazolinone, methylisothiazoline.

Indications: For use on cats, dogs and horses with bacterial or fungal skin infections that are responsive to chlorhexidine or miconazole.

Directions for use: Shake well before use. Bathe 2-3 times per week until symptoms subside or as directed by your veterinarian. Wet the animal with cool water from the neck down and apply shampoo first on the skin abnormalities. Starting with a quarter-size amount of product, massage into the fur to reach the skin. Repeat until the entire body is lightly coated with shampoo. Leave shampoo on for 10 minutes before rinsing with cool water. Wash hands after use. For a rinse-free solution between baths, use CeraSoothe CHX+MC antiseptic mousse and/or wipes.

Cautions: For external use on cats, dogs, and horses only. Avoid contact with eyes. In case of contact with eyes, rinse thoroughly and consult your veterinarian. If skin irritation occurs or increases, discontinue use and consult with your veterinarian.

Storage: Store at room temperature. Do not freeze.
