Your skin will thank you. Leave your skin feeling nourished, moisturized and protected with this luxurious and elegant mineral SPF 50 formula. Perfect for the whole family and gentle enough for the most sensitive skin.

Sun exposure compromises your skin's natural lipid barrier, robbing you of hydration and leading to dryness and irritation. Biomimetic moisturizers, humectants and ceramides help restore this key element of skin health, while maximum SPF protection helps shield you from further damage.

Enhanced with Provention-R™ antioxidants including Vitamin C, green tea, cranberry fruit and pomegranate extracts. Naturally derived and safer mineral UVA-UVB protection helps reduce the risk of photo aging and skin cancer. Zinc Oxide and Titanium Dioxide gently yet effectively shield you from the harmful rays of the sun.

MDSolarSciences™ mineral sunscreens are derived from natural minerals and do not contain Oxybenzone, Octinoxate, Aminobenzoic Acid (PABA), Parabens or fragrance.
