

PAINBLOC24- capsaicin 0.25% solution
Vizuri Health Sciences LLC

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

PainBloc24

Active Ingredient

Capsaicin 0.25%

Purpose

Topical Analgesic

Uses

For the temporary relief of minor aches and pains of muscles and joints associated with:

- Arthritis
- Simple backache
- Muscle strains
- Bruises
- Sprains

Warnings

For external use only

When using this product

- Use only as directed
- Do not bandage tightly or cover treated area
- Do not use with heating pad
- Avoid contact with eyes and mucous membranes
- Do not apply to wounds, damaged, broken or irritated skin
- Do not expose the area treated with product to heat or direct sunlight
- If using before exercise, showering or swimming, apply, wait 30 minutes, then wash off before participating
- A temporary burning sensation and/or redness may occur upon application. This is normal and generally stops after a few days of use

Stop use and ask a doctor if

- Severe burning sensation occurs
- You experience difficulty breathing or swallowing
- Condition worsens

- Redness persists, spreads or becomes tender
- Irritation develops
- Symptoms last more than 7 days or clear up and occur again within a few days

If pregnant or breast-feeding, ask a healthcare professional before use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

Adults over 18 years:

- Apply by holding Pain Pen straight down and press tip repeatedly on to affected area until liquid flows. Then dab sparingly.
- Allow to dry
- Repeat application, as needed, every 12 to 24 hours
- Do not use more than twice a day
- Wash hands with soap and water after each application. If applying to hand, wait 30minutes, then wash with soap and cold water after each application.
- If soap does not completely remove all product residues, try using skin or mineral oil.
- May take several days to reach full effect

Inactive Ingredients

Alcohol, Diethylene Glycol Monoethyl Ether, Hyaluronate Sodium, Polysorbate 80, Pramoxine HCl, Propylene Glycol, Water

PAIN BLOC 24

24 HOUR ARTHRITIS PAIN RELIEF

SERIOUS MEDICINE FOR YOUR ARTHRITIS PAIN

Capaicin 0.25% Topical Analgesic

The only OTC topical pain reliever that can help provide 24hr arthritis pain relief with as little as one application every day.

- Patented formula helps block arthritis joint pain at the source of the pain signal
- Deactivates certain nerve fibers that transmit pain signals to the brain
- Clinically shown to provide long-lasting relief¹
- Use for a week and pain relief will last up to a month!

Take the PainBloc24[®] Challenge:
Try it for a week and tell us about it at www.PainBloc24.com

IMPORTANT: PLEASE READ AND KEEP THIS IMPORTANT INFORMATION.

If this is your first time using PainBloc24[®] or if you have sensitive skin, test on a small area prior to regular usage.

1. Use daily as directed.
2. Relief builds and reaches full effect after several days of use.
3. Mild to moderate warming is a sign that PainBloc24[®] is working. Warming will decline with use.
4. Wash hands with soap and cold water after each use. If applying to hands, wait 30 minutes, then wash with soap and cold water after each use.
5. Don't get in your eyes.
6. Keep out of reach of children.

For external use only.

What is capsaicin? Capsaicin is a naturally occurring substance found in chili peppers. It is generally regarded as safe and effective by the Food and Drug Administration when used as a topical analgesic to help relieve arthritis or muscular pain.

What is PainBloc24[®]? PainBloc24[®] is a topical pain reliever made with the highest concentration of pharmaceutical-grade capsaicin allowed by the FDA without a prescription. Its patented NeuroMax[®] formula is made of several safe, non-active ingredients that support the tolerability and effectiveness of the capsaicin.

¹Clinical study conducted in osteoarthritis knee pain
