

COLD-EEZE - zinc gluconate lozenge
ProPhase Labs, Inc.

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Homeopathic
Cold-EEZE®

Drug Facts

Active ingredient (per lozenge)

Zincum Gluconicum 2x (13.3mg)

Purpose

Homeopathic Cold Remedy

Uses

- to reduce the duration of the common cold
- reduces the severity of cold symptoms: cough, sore throat, stuffy nose, sneezing, post nasal drip and/or hoarseness

Warnings

Ask a doctor before use if you

- are taking monocycline, doxycycline, tetracycline or are on coumadin therapy, zinc treatment may inhibit the absorption of these medicines

Stop use and ask your healthcare practitioner if symptoms persist beyond 7 days.

COLD-EEZE® Lozenges are formulated to reduce the duration of common cold symptoms and may be insufficient treatment for Influenza or Allergies.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

Directions

- adults and children 12 years and over
- for best results, begin treatment at start of symptoms (within 24-48 hours of onset)
- repeat every 2 - 4 hours as needed until all symptoms subside
- completely dissolve a COLD-EEZE® lozenge in mouth (do not chew)
- recommended daily dosage is 6 lozenges for adults and 4 lozenges for ages 12-17
- children under 12 years of age should consult a health professional prior to use

Other information

- avoid minor stomach upset - Do not dissolve COLD-EEZE® lozenges on an empty stomach
- avoid citrus fruits or juices and products containing citric acid 1/2 hour before or after taking COLD-EEZE® lozenges as they may diminish product effectiveness, otherwise, drink plenty of fluids

- store in a cool dry place after opening
- gluten-free

Inactive ingredients

corn syrup, honey, glycine, lemon oil, natural green tea flavor and sucrose. No artificial colors or preservatives.
