Warnings

For external use only

Do not use

- on wounds or on irritated or damaged skin
- with a heating pad

When using this product

- use only as directed
- do not bandage tightly
- avoid contact with eyes and mucous membranes
- do not expose the area to local heat or direct sunlight
- rare cases of serious burns have been reported with products of this type
- a transient burning sensation may occur upon application but generally disappears in several days
- avoid applying into skin folds

Stop use and ask a doctor if

- condition worsens or symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days
- redness is present or excessive skin irritation occurs
- you experience severe burning pain, swelling, or blistering where the product was applied

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- **adults and children 12 years of age and older:**
 - apply to affected area not more than 3 to 4 times daily
 - remove protective cap and lift white applicator at arrows
 - squeeze tube gently while holding upright to dispense a small amount of product
 - press down to close applicator prior to application
 - massage product into skin using applicator until thoroughly absorbed
 - if needed, clean applicator by rinsing with water or wipe clean with a cloth.
 - wash hands thoroughly with soap and water if product comes in contact with hands
- **children under 12 years of age:** ask a doctor
