Sinus Wash- Soft Tip Netipot

Purpose

Nasal wash

Uses

Temporarily relieves symptoms associated with sinusitis, cold, flu or allergies

-Sneezing

-Nasal Stuffiness

-Runny Nose

-Post nasal drip

-Removes inhaled irritants (dust, pollen)

-Promotes nasal and sinus drainage

-Helps reduce swelling of nasal membranes

-Moisturizes dry nasal passages

Keep out of reach of children

Warnings

Stop use and ask a doctor if washing is uncomfortable or symptoms are not relieved

Directions

Adults and children 4 years and over: use 1-2 packets per 8 oz container every 2 hours as needed

Children under 4 years: consult a physician

Consult Instructions for Use inside box for proper use

When using this product:

-Use by only one person

-Wash with soap and water after each use

-Top rack of dishwasher safe

-Do not heat in microwave

Instructions for Use:

Directions: Read through entire section before using for the first time.

1. Empty the contents of one Saline Sinus Wash packet into the Saline Sinus Wash Neti Pot. First-time users should start with 1/2 packet of the dry ingredients. As you become more accustomed to the system, work up to using 1 full packet. Additional packets may be purchased from your nearest pharmacy.

2. Fill the pot halfway or to the middle of the indentation with proper water. This makes 1/2 cup (4 oz) solution.

3. Stir thoroughly until dry ingredients have completely dissolved.

4. Proper head position allows solution to run through the nose by gravity.

-Lean over the sink so that the right nostril is directly above the left. The forehead should remain higher than the chin. Raise the handle of the pot so that the solution enters the right nostril. In a few

moments, the solution will begin to drain out of the left nostril into the sink. Do not inhale or "snort" solution into the nose - breathe through your mouth.

5. When the pot is empty, exhale through both nostrils to clear them of excess mucous and solution. Gently blow your nose into a tissue.

6. Repeat the procedure on the other side.

7. Thoroughly rinse the pot after each use with water that has been distilled, sterilized, filtered or previously boiled and leave the pot to air dry thoroughly. The Sinus Wash Neti pot is top-rack

dishwasher safe.

Active Ingredients

(in each packet)

Sodium Bicarbonate USP 700 mg

Sodium Chloride USP 2300 mg

Inactive Ingredients

None
