Sterilization

1. Disinfectants for external use should not be taken orally, and keep it out of children's reach.

2. Avoid contact with antagonists.

3. Store it in a cool and dry place. If it is kept in a low temperature for a long time, it may precipitate, but it will not affect the quality of the product. It can be used only when it is heated to room temperature.

[Product name] :

Hygeaer air disinfectant is a typical environmental compound disinfectant that conforms to the development trend of international disinfection products. It is a new product developed on the basis of the first generation of Youjie disinfectant, with the application of updated scientific and technological achievements, through many improvements and extensive field verification. It has better disinfection effect, longer validity period, better environmental protection performance, completely independent intellectual property rights, and selects all disinfectant materials for food. The main effective components include hexamethylenetetramine 14.0-17.0% (W/V) and dodecyl dimethyl benzyl ammonium chloride (isomerized tridecane quaternary ammonium salt) 5.4-6.6% (W/W). This product not only can effectively kill bacteria in the air, and no corrosion, no stimulation to eyes and respiratory system, but also can realize the biodegradation of sterilization products. It can be widely used in air disinfection of medical and health institutions, pharmaceutical enterprises, food industry, catering, hotels, schools, waiting rooms and public transport.

[Application method :]

Disinfection Object	Preparation Method	Disinfection Time	Dosage	Disinfection Method
Air	1:100	45 mins	10ml/m ³	Spraying with aerosol sprayer

[Notes]

1. Disinfectants for external use should not be taken orally, and keep it out of children's reach.
2. Avoid contact with antagonists.
3. Store it in a cool and dry place. If it is kept in a low temperature for a long time, it may precipitate, but it will not affect the quality of the product. It can be used only when it is heated to room temperature.

Production date and batch No.: See packaging **Validity:** 24 months
 Packaging specification: 2.5kg/barrel **Dosage form:** Liquid

Executive standard: Q/3202 YJ 009
 Production enterprise health license No.: SWXZZ (2018) No. 3202-0001
