Made By Dentists™ Whitening Toothpaste

Drug Facts

Active ingredient: Sodium Fluoride 0.24%

Purpose: Anticavity

Use: Aids in the prevention of cavities.

Warnings:

Keep out of reach of children under 6 years of age. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Adults and children 2 years of age and older: Brush teeth thoroughly, preferably after each meal or at least twice a day, or as directed by a dentist or doctor.
- Instruct children under 6 years of age in good brushing and rinsing habits (to minimize swallowing), and only use a pea size amount.
- Supervise children as necessary until capable of using without supervision.
- Children under 2 years of age: Consult a dentist or doctor.

We are Dr. Lisa and Vanessa Creaven, practicing cosmetic dentists, sisters and moms. As dentists, we know that great oral health is really achieved at home, so we created clinically proven, clean, sustainable products that really work for our patients, friends and family.

This toothpaste whitens and protects your teeth using the latest advances in oral care. Containing the active ingredients Sodium Fluoride, as well as Hydrogen Peroxide which is used to whiten teeth. Made By Dentists Toothpaste for Whitening Teeth leaves your mouth feeling amazingly clean, bright and refreshed. Enjoy.

Charcoal is the Pits

Charcoal's abrasive nature may help remove some surface stains, but it can also wear down tooth enamel and make teeth appear yellow. Everyday use can also cause tooth sensitivity.

We never recommend charcoal for anything other than cook-outs.
