**BLAINE LABS®**

**HempNesic®  
PAIN-RELIEVING GEL**

**MENTHOL AND CAMPHOR**

## **IN A GEL CONTAINING CAPSAICIN & HEMP OIL**

### **THC√Free**

8.0 OZ (236.58 mL)

HempNesic® is the only FDA registered topical pain-relieving gel that directly influences the endocannabinoid system with Hemp-derived cannabidiol containing Capsaicin, Menthol and Camphor. Numerous studies have demonstrated that mammalian tissue contains at least two cannabinoid (CB) receptors, CB 1 and CB2. CB 1 receptors are shown to mediate analgesia in animal studies. Human studies are ongoing and preliminary data clearly shows that pain is reduced using hemp-based cannabidiol when taken orally or when applied topically.

### **PRODUCT BENEFITS**

- Goes on cool and progressively heats
- Infused with Capsaicin, Hemp Oil, Ilex, and Green Tea
- Paraben-free formulation
- Light formula absorbs into the skin rapidly
- Longer lasting formula. One application offers relief for up to 4-6 hours
- Provides fast relief from sore muscles

### **MONEY-BACK**

**100 %**

### **GUARANTEE**
