antiVIRUS + antiBACTERIA

NET CONTENT
1 Gallon

CHARACTERISTICS: Broad spectrum disinfectant, with active ingredients formulated for microbial control against bacteria, viruses and fungi, even in the presence of organic matter or dirt. Does not lose its disinfecting capacity in high or low temperatures and can be used on any hard surface. It is not corrosive, toxic or carcinogenic and does not represent risk to people, health or spaces. Effective for use in misting, sprinkling or spraying in rooms, offices, gyms, kitchens, food preparation tables, laundry, elevators, warehouses, freezers, toilets, air conditioning systems and any other surface that has continuous people contact. **INSTRUCTIONS:** Apply directly to the area or surface to be disinfected. No drying or rinsing is necessary. Leave in contact for 30 seconds.

ACTIVE INGREDIENTS	PURPOSE
Quaternary ammonium compounds.....	Antimicrobial
Isopropyl Alcohol.....	Antimicrobial

GENERAL USES: Proven to kill deadly pathogens as viruses or bacteria in one minute or less. Ideal for application on beds, phones, floors, pillows, rugs, curtains, remotes, toilets, sinks and refrigerators. Prevents fungi growth in showers, bathrooms, walls, hot tubs and air conditioning systems. Eliminates the presence of viruses or the formation of Bacteria on tools, keyboards, utensils, tables, public areas, elevators, ice machines and surfaces with human contact. **WARNINGS:** For external use only. Keep away from heat or flame. Keep away from eyes. Stop use and ask a doctor if irritation or rash occurs. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away. Manufactured by VIVO SIMPLE, Zapopan, Jalisco, Mexico. www.vivosimple.com. For more: hola@vivosimple.com
