Bausch & Lomb Incorporated**

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active ingredients

Naphazoline hydrochloride (0.012%)
Polyethylene glycol 300 (0.2%)

Purpose

Redness reliever
Lubricant

Uses

- relieves redness of the eye due to minor eye irritations
- temporary relief of burning and irritation due to dryness of the eye
- protects against further irritation

Warnings

For external use only

Do not use

- if solution changes color or becomes cloudy

Ask a doctor before use if you have

- narrow angle glaucoma

When using this product

- do not touch tip of container to any surface to avoid contamination
- do not overuse as it may produce increased redness of the eye
- pupils may become enlarged temporarily
- remove contact lenses before using
- replace cap after use

Stop use and ask a doctor if

- you experience eye pain, changes in vision, continued redness or irritation of the eye
- condition worsens or persists for more than 72 hours

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- instill 1 to 2 drops in the affected eye(s) up to four times daily

Other information

- store at 15-25 °C (59-77 °F)
- keep tightly closed
- use before expiration date marked on the carton and bottle

Inactive ingredients

benzalkonium chloride, boric acid, edetate disodium, sodium borate, sodium chloride, water for injection. Hydrochloric acid and/or sodium hydroxide may be used to adjust pH.
